10. Being Green: Energy Use and Conservation

Being Green in Practice

10.1.7. Questionnaire

Some questions to help reflect on your own situation.

This is just an exercise for you, to help you think about your green programme.

Who is leading the green drive?

This could be someone in your organisation, a job role or department.

What are the targets?

These could be getting an Energy Performance Certificate (EPC), making an improvement to an EPC rating, or an amount of savings in energy bills.

What is the budget?

This would be a monetary amount, a lump sum, or e.g., expenditure per year.

When will this take place?

This could be in the next financial year, or by a certain date.
